

# THE GRACE OF GOD

Sometimes bad things  
Happen to good people  
Sometimes life brings  
Events that are so painful  
This selfish world must learn to care  
There's so much love we can share

They will never grow old they will live in my soul  
They will live in my soul  
See the world through my eyes and you realize  
There but for the grace of God  
Go you and I

In the wrong place at the wrong time  
Life becomes so precious  
How can we understand the hand that fate deals us  
With so many lives lost  
You can't begin to count the cost

They will never grow old they will live in my soul  
They will live in my soul  
See the world through my eyes and you realize  
There but for the grace of God  
Go you and I

We must learn to care for each other  
You are my sister you are my brother  
Although we can't change what has past  
Value every day as if it's your last

They will never grow old they will live in my soul  
They will live in my soul  
See the world through my eyes and you realize  
There but for the grace of God  
Go you and I

There but for the grace of God  
There but for the grace of God  
There but for the grace of God  
There but for the grace of God
